Good morning,

The dates for the fair are entry set up Saturday, Oct. 3 starting at 8:00 and take down is Sunday Oct. 18 starting at 9:00.

We have plenty of space and even provide cases. If you have shells you would like to display, but do not want to do a scientific exhibit, we will gladly take that display.

We also have beachcomber and craft categories.

Wayne and I are missing a trip to see our grandbaby to do the fair this year, so please participate and make this fair a good one.

For more information, reply to this email. (Yes, she is adorable.)
