SHELL FAMILY SHOW AND TELL FOR NOVEMBER : BURSIDAE
Janey and I have picked the Bursidae family of shells for the member-participation part of our November meeting. We did Pectinidae in October, and Dave Barziza brought a huge orange-red scallop shell to talk about. Wow! Anyway, if you would like to participate in this mini-program before our big program from Bob Lipe, bring your favorite shell in this family and tell us a little bit about it. The Shell Family show and tell will be on first, right after the meeting and before our big program given by Bob Lipe. Thanks in advance!
Program co-directors Rusti Stover and Janey Nill
